

# Junior Staff Personal Auto Form

It is the policy of Mission Springs that all personal vehicles brought on the Mission Springs grounds, by full-time, part-time, summer and seasonal staff, must have insurance coverage that meets the requirements of California State Law. In order to document this, Mission Springs requires that this form be completed and that the driver supply a copy of their: Driver's License, Insurance Identification Card and Car Registration showing active coverage for the vehicle involved before the vehicle is allowed on Mission Springs grounds.

Please be aware that your personal insurance is primary in covering any accidents your vehicle may incur while here at Mission Springs, whether for personal use, Mission Springs business or miscellaneous events.
