

Contagious Illness Notification

Mission Springs Christian Camps and Conference Center
Frontier Ranch Youth Camp

With the recent worldwide outbreak of COVID 19 and the concerns regarding transmission, particularly in larger groups of people, please note the following points to provide the best camp experience for all campers at Frontier Ranch.

- Please have your camper arrive at camp well-rested, well-nourished, and well-hydrated. This allows them to be as resilient as possible for an exhausting week of fun.
- Frontier Ranch reserves the right not to admit any camper who has been exposed to the COVID 19 virus and might pose a risk to others.
- If your camper is ill now, please do not bring them to camp until they are completely healthy. They need to be symptom-free for at least 24 hours before they will be admitted to camp.
- If your camper is under the care of a doctor for a COVID 19, please provide a note from their doctor stating they are healthy and can participate in camp.
- Frontier Ranch does not have the facilities to keep campers in quarantine for extended periods of time. As a result, any camper who becomes sick at camp will need to be picked up by parents/guardians within a reasonable amount of time.

Thank you for all your considerations to keep Frontier Ranch as illness-free and safe as possible.
